CENTAUR SYSTEMS

m a k i n g I T e a s y

At Centaur Systems Ltd we support schools in all areas of the ICT curriculum.

We provide a variety of services including:

- Technician Support
- Network Installation and Deployment
- Staff training
- Hardware Maintenance
- Hardware Provision
- Infrastructure Solutions
- Thin-client servers and workstations
- Consultancy
- Software Development

Centaur systems have also developed our own in house products which can be tailored to fit individual schools' needs, such as our:

- CD Server
- Email Server
- Web & Proxy Server
- School Intranet Portal
- ITeach remote learning platform

We already provide services for a number of clients in South-East Kent, regularly supporting them in a wide range of styles that accommodate their needs, and can provide references from schools who are already delighted with the service and products they receive from Centaur systems LTD.

If you would like a free consultation to discuss your needs and how Centaur Systems can meet them, please contact us to make an appointment at a time suited to you.
